

ML Infokiosk 961 indoor

Freestanding interactive self service infokiosk with 43"-85" touchscreen. Wide range of devices can be incorporated into kiosk enclosure like credit card reader, barcode reader, printer etc. This model has a lot of different housing options including dual-side form factor.

FEATURES

- Commercial-grade 43" to 85" screen or touchscreen.
- Can be used as digital signage or touchscreen kiosk (typically wayfinder solutions).
- Customizable computer module to meet performance and functionality requirements.
- Sitekiosk software for operating and maintaining public access kiosks.
- Chassis size depends on screen size.

OPTIONAL FEATURES

- **Different screen sizes: 43" / 49" / 55" / 65" / 75" / 85".**
Different brightness options for internal screens.
- **Wall, dual-side and freestanding options.** Kiosk screen can be placed vertically (totem) or horizontally.
- **Touchscreen.** Possible to order with different touchscreen options – PCAP or Infrared touch sensors.
- **Branding.** Lot of options to meet your brand style design – custom colours, custom labelling with optional details.
- **Design customization.** We are able to deliver custom designs even for one unit, to integrate additional devices or meet your corporate brand requirements.
- **Connectivity.** Optional wireless network connectivity options (WiFi, 4G) with vandal proof external antenna to provide kiosk connectivity in all possible locations.
- **Computer.** Intel® NUC computer module ensures smooth and fast user experience for detail rich graphics. PC can be configured to meet performance requirements set by application used.
- **Security.** The housing is suited for unattended self-service. Housing can be anchored to floor and is securely lockable with key.
- **Optional devices.** This model can be equipped with RFID, 1D/2D, scanner, smart card reader or other devices at request.

ABOUT US

We are in kiosk production from 1999. Our production and product development process is certified to meet ISO 9001:2015 requirements. We are proud to design our kiosks in-house keeping in mind both aesthetic and functionality.
